

Coronavirus update - 12.03.2020

Dear Parent

We are continuing to keep you updated on the government's response to COVID-19 (Coronavirus).

Please be aware we are following all advice from Public Health England and Department of Education and will continue to communicate with you via PAM Parent.

Please see below the latest advice shared this afternoon by the DfE

Government coronavirus action plan

The government coronavirus action plan sets out what the UK has done to tackle coronavirus (COVID-19), and what we plan to do next.

The situation is constantly reviewed and action informed by expert science and advice, guided by the Chief Medical Officer and the Chief Scientific Adviser.

The action plan can be found here:

Action plan recap

The action plan sets out a four-phased approach in response to coronavirus – Contain, Delay, Mitigate, and Research, based on the latest scientific evidence.

The current emphasis is on the Contain and Research phases, however planning for Delay and Mitigation is already in train.

As part of the Contain phase, we have been providing advice to educational settings in England. We also launched a DfE helpline to manage the flow of increasing queries, from providers parents and young people.

How to wash your hands properly

Wash your hands more often for 20 seconds with soap and hot water.

Teach young children how to wash their hands with the NHS handwashing song:

Public Health England recommends that in addition to handwashing before eating, and after coughing and sneezing, everyone should also wash hands after using toilets and travelling on public transport.
